

# New York Math Circle presents

# SUMMER WORKSHOP 2011 AT BARD COLLEGE

**OPTIMIZATION AND INEQUALITIES**

**July 25-29, 2011**

**Bard College**

**Annandale-on-Hudson, NY**

Join us for a week-long residential program focused on the investigation of inequalities and optimization. Enjoy an environment of creative and insightful mathematical problem solving for middle school and high school math teachers. No prior experience with inequalities required, just an interest in doing mathematics in a community of teachers. Workshops and activities led by NYMC educators and Bard math professors.
